

Capstone Assignments

PIONEER CAPSTONE SUMMER 2025

The Capstone Project is an opportunity to bond with your fellow pioneers and practice all the wonderful skills you are learning this summer as part of the Pioneer program! All Pioneers were invited to rank their Capstone topics in order of preference, and we have assigned groups according to those rankings. As there was an overwhelming number of votes for one topic we have added a second cohort for that topic this year.

Capstone Groups

Group 1 (July 30): What Kind of Communication Prevents Burnout Without Creating More Work?	Group 2 (July 31): How Should Great Companies Create Career Pathways that Actually Keep People?	Group 3 (July 30) & 4 (July 31): How Should Insurance Companies Integrate AI Without Losing the Human Element?
